

Likely Elementary

FEBRUARY/MARCH 2022

Winter has been a force of nature to content with this year and Likely students have made the best of it. They have embraced the snow, braved the cold and even played out in the rain! Students practiced their 'reframing' disappointment when outdoor field trips had to be cancelled; they looked for a bright side and focused on the positive rather than the disappointment!

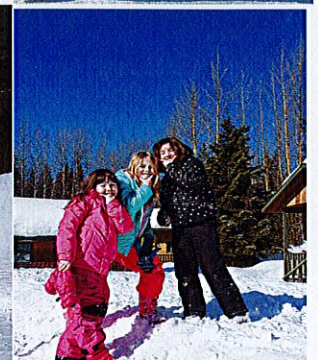

GAVIN LAKE WINTER TRIP

Gavin Lake Winter Outdoor Day was a huge hit with our students. We had perfect attendance with perfect weather. Everyone enjoyed snowshoeing, tobogganing skating and a hot dog roast for lunch! Once again our PAC provided the transportation and the lunch!!

LOCAL ICE SKATING

The community skating rink was another successful fieldtrip! For many students, this was their first time skating. Everyone learned to skate on their own by the end of the afternoon; showing how a positive attitude and mindset of resilience pays off! Once again we have Steve Peterson to thank for his dedication to our community rink and generosity towards our students making sure they were warm by a fire!

PINK SHIRT DAY

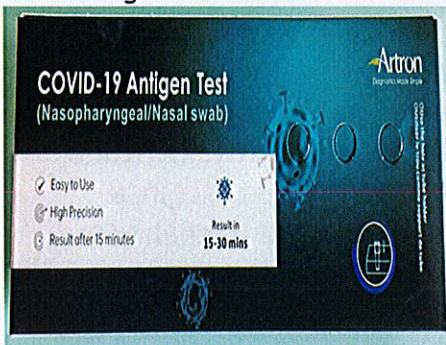

Students were reminded about Pink Shirt Day's history and purpose to raise awareness of anti-bullying strategies, how to be a buddy

not a bully, and how everyone benefits from being included.

RAPID ANTIGEN TESTS:

All K-12 students in BC have been offered free rapid antigen test kits. These kits have arrived at the school for parents to pick up at their convenience. Each student may have one box containing 5 tests.

REPORT CARDS

Report cards will be sent home after spring break this year, due to the delayed return to school, on Monday April 4th. If you have any questions or concerns before then please contact the school.

100's Day

The Primary class has been counting school days and the 100th day is coming SOON! Thursday April 7th is our 100th day of school. Celebrations will happen throughout the day but each child is asked to bring 100 items of their choice to school that day- happy counting!! A reminder will be sent home in the planner for Primary parents to ensure their child is prepared for 100's day!

KINDERGARTEN REGISTRATION

Kindergarten registration is open for the 2022/23 school year. Children need to be 5 by the end of 2022. Please contact the school if you would like to register your child. Early registration ensures we have the proper staffing to start the year, so please register as soon as you can. Proof of residency, your child's birth certificate and health card is all you need.

IMPORTANT DATES

- Mar 2 Ms. Kurki away
- Mar 4 Sledding field trip
- Mar 11 Last Day before Spring Break
Leadership Activity Afternoon
- Mar 28 First Day back from the break
