

Youth TRAIN in Trades (YTT)

provides students in high school the opportunity to complete grade 12 with advanced access to a career in construction by integrating Carpentry Training into their secondary school studies.

Benefits of attending a Youth TRAIN in Trades Program

- Early admission to post secondary studies while still in secondary school
- Course credits received toward graduation transcript
- Tuition fees paid by SD 27
 - *Students are responsible for student fees, books, and PPE
- ITA Certification with technical skills as an apprentice carpenter

CARPENTER FOUNDATION (Residential Construction Program)

Receive Dual Credits

Delivered in partnership with

- Accuplacer Test will be scheduled in the semester prior to program intake

Student Acceptance

- Students accepted into the program will be notified within 4 months of the program intake date

Carpenter

A person who builds and repairs a vast array of structures made of wood, wood-substitutes and other materials. Many work for construction companies, contractors and maintenance departments while others are self-employed. Carpenters assemble and erect forms for concrete, wood, and metal frame construction and use plans and instruments to prepare for excavating and shoring. On smaller projects, they direct concrete placement, and install exterior and interior finish materials such as siding, doors, windows and cabinets.

Credential issued

ITA Certificate of Qualification
Carpenter - Level 1 & 2

How do I apply?

Applications for this 30 week program are being accepted from School District No. 27 students on a first come basis. Selected students enter the program in July of their grade 11 or 12 year.
