Le Déjeuner des Crêpe

Par Gwendoline Feissli

C'était le début de l'école et le déjeuner des crêpes s'est passé le 28 septembre 2022. C'est la première fois depuis 3 ans, alors tout le monde était très excité. C'était le jour où les parents et leurs enfants déjeunaient ensemble. Au déjeuner, il y avait des crêpes avec toute sorte d'accompagnements délicieux. Mais cet événement ne se serait pas passé sans les professeurs et le PAC. Ils ont préparé le déjeuner et aidé à servir les élèves et leurs parents. Tout le monde a adoré le déjeuner. Certains élèves ont tellement mangé qu'ils n'avaient plus faim pour leur collation ou leur midi. C'était vraiment amusant, délicieux, et beaucoup de gens en ont demandé plus. Merci de votre organisation et participation.

Welcome Back Breakfast

by Samara Mitchell

100 Mile staff worked together to make the pancake breakfast happen. Teachers, support staff, parents and students were eating pancakes, or they were making them. We ate fruit and ham and pancakes. The reason why they did the back-to-school breakfast was so everyone had a chance to be together. It happened on September 28th, 2022.

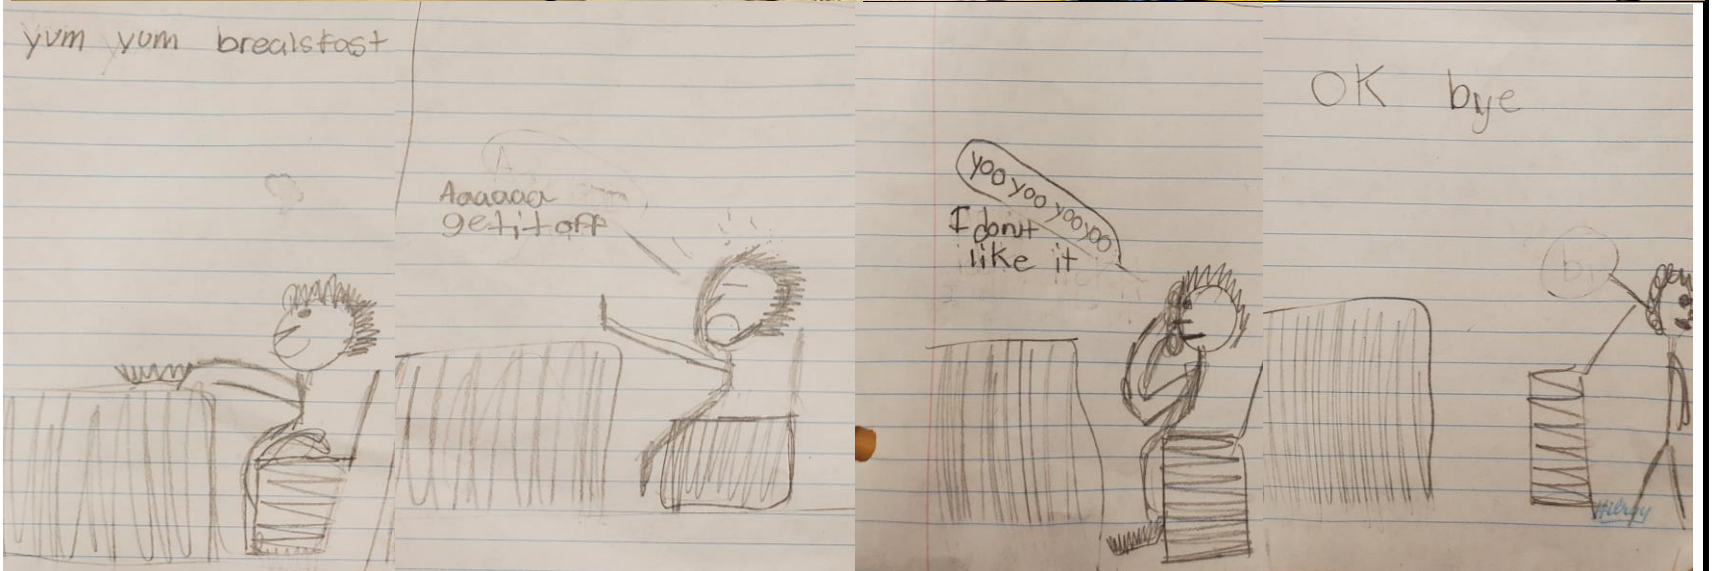

Return to School

by Calvin Kreschuck and Lilia Sawyer-Ned

It's the return to school and everybody is nervous and excited. Everybody has a new class and teacher. The young ones get very excited. The kindergartens are quite nervous. Thankfully, they have great big kids to help them. The grade sevens are excited to go to the high school in one year.

People are starting to get settled into the school and the new schedule. By the end of September things are flowing well.

Dean the Carver

by Ty Williams

Today I interviewed Dean Gilpin, also known as Spirit Carver Dean. Spirit Carver Dean came to our school on September 27th, 2022 to carve and tell everyone what his job is and how he loves it so much. Penny met Dean and asked if he would come to our school again to carve a bunch of different things. It is important to our school because it inspires a bunch of kids. Maybe when they grow up they might be a carver like Dean.

Dean has been working for ten years at his carving job. His biggest chainsaw is a 350 and his biggest carving was a nine foot bear. He is 45 years old. He started carving because of the wood. He uses Western Red Pine. It is his second time visiting the school. He really wants to carve a really big moose. He has made about 1000 carvings. Dean uses a draw knife, a cup slick and a flat slick to make his carvings. He is a very talented artist.

The Terry Fox Run

by Maielle Briggs and Kaylee Pylarinos

The Terry Fox run is finally happening with everyone here. Which means all the classes from our school. There is so much to write about Terry Fox but we can't write it all.

Terry Fox, as we all know, ran to raise money for cancer but how does that make you feel? Sad? Happy? Maybe inspired? Some people said because they know it's for a good cause, it makes them feel happy they're helping. But all of this isn't just for running. It is to appreciate what Terry Fox did for others because he wanted to make a change and he wanted to help the people that are in the same situation as himself. So, everyone is running for him, for cancer, to help make a change.

What makes you believe Terry Fox is a Hero?

By Charlie Larson

The reason I believe that Terry Fox is a hero because, even after he got diagnosed with cancer he was determined to run across Canada. When Terry Fox came up with the idea he didn't even know if he could do it but I think that he was very brave of him to try. Another reason I believe Terry Fox is a hero is because even though he had cancer he didn't stop living his life he kept on going. Terry also encouraged people to donate money to find a cure for cancer. Terry also talked to people to encourage them not to stop living because they have a disease and to live their life to the fullest. He is also a hero because he never gave up. This is why I think that Terry Fox is a hero.

Truth and Reconciliation

by Alexis Walker and Ty Williams

On September 29, 2022 we recognized Orange Shirt Day. Mike Retasket and Cheryl Chapman came to visit us for the day. Mike and Cheryl taught us a song to sing while we walked in a parade around the school. Mike told us about his braids. When someone has long hair and braids it means the family is doing well. When a family member passes away they will be cut off. Mike and Cheryl taught us new music and reminded us that every child matters. Even three Eagles showed up for the event and circled our outdoor assembly.

Residential school started in 1890 and ended in 1981. Orange shirt day originated from Canoe Creek Indian Band. Before Phyllis Webstad went to residential school her grandmother went to town to get Phyllis an orange shirt but when she got to school authorities took it away from her. Orange shirts represent all the things that were taken away from the children. Mike Retasket said education got us into this mess and education will get us out.

Never Give Up

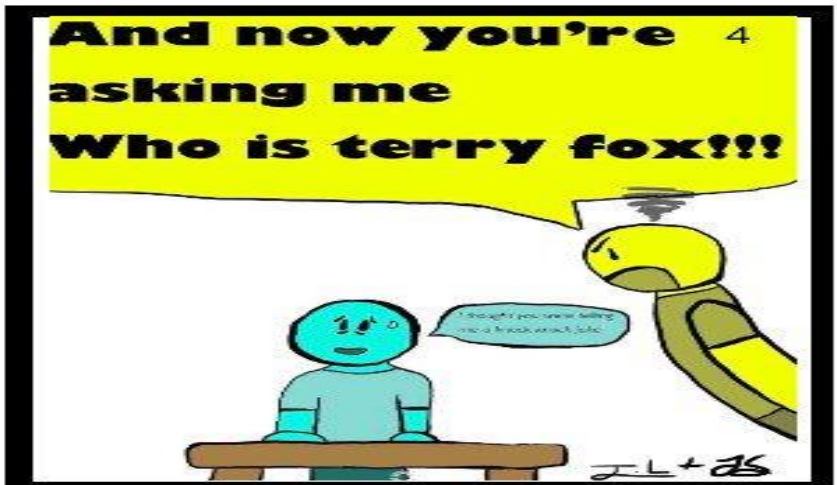

By Logan Giles

Terry fox is a hero because he made money for people with cancer. He did it with a prosthetic leg. He convinced people to donate to find a cure for cancer. He raised a lot of money for cancer research. He ran really far. He showed people to keep trying. He died trying but he never gave up.

Terry Fox

By Kinsey Todorovic

1. I believe Terry fox was and still is a hero
2. Terry ran across Canada to raise money for cancer research and didn't do it for himself who is struggling with any kind of cancer
3. Terry not only ran to help raise money for cancer research but he inspired people

By Jaidyn Lange and Johanna Springmann
