Basket Ball

By Pawan Nijjar and Emily Smith

100 Mile Elementary basket-ball started on January 11th for grade 5-7. Mrs. Telford and Anke Leverman were the girls' coaches and Ms. Crompton and Mr. Dickenson were the boys' coaches. The coaches had a really big role in this because they had to plan when games and practices were. Also, the coaches are really kind to volunteer their lunch to coach the Students.

The girls' team had a few practice games before the tournament. In the tournament both the grade 7 and grade 5/6 girls teams came in third with 6 points. During the tournament the grade 7 boys team tied for second place with 108 School. They scored 8 points. At the tournament the grade 5/6 boys team came first with 11 points.

Kids Get to Skate at 100 Mile Elementary

By Owen Killian

Kids at 100 Mile Elementary have the chance to go skating at Canlan Arena. This was from the end of January all the way to spring break. Every class had the chance to go with another class. Whenever an intermediate class went, they would usually go with a primary class to help with the little kids.

Mrs. Telford claimed that why we did this was so everyone could get a chance to go skating and that it's a fun way to get P.E. education. It is an opportunity to learn something new. The PAC helped fund the busses to get kids to and from the arena. Also, lots of parents came and helped tie skates and monito. Canlan was also a big help as the offered the ice time.

La fête de Saint-Valentin a l'élémentaire

Par Gwendoline Feissli

La Saint-Valentin est à l'origine une fête pour les amoureux qui remonte au temps des Romains. Elle est célébrée tous les 14 février. Mais au Canada, on le fête différemment. Ici c'est une fête pour l'amitié moins que pour l'amour.

A notre école, les élèves échangent des cartes, des bonbons et toutes sortes de petites surprises en gage d'amitié.

Dans certaines classes, le travail a été mis de côté pour être remplacé par d'autres activités amusantes et en lien avec la Saint-Valentin. Dans d'autres, la journée s'est déroulée normalement.

Toutefois, cette année, tout le monde a pu se rendre au gymnase pour danser. Durant la pause de midi, les élèves des classes de primaires ont dansé en premier et les classes intermédiaires ont dansé après. Le gymnase était décoré avec tout plein de cœurs et de ballons. Les organisateurs ont mis plusieurs chansons différentes et de tout styles.

Durant la pause, Madame Vogel a également annoncé le nom des gagnants du concours pour trouver le nombre de chocolats dans le bocal.

Félicitations à Ty Williams et à Cash Larson qui ont trouvés la bonne réponse et gagné un repas pour leur classe. Il y avait 335 chocolats dans le bocal.

100 Mile Elementary Math Competition

By Alexis Walker

For the math competition, our participants were Ty Williams, Thomas Boulding, Kolton Mitchell, Austin James St.Louis, Johanna Springmann, Chloe Friesen, Jaidyn Lange and Georgia Gent. The students were writing a test for grade 6 and 7 math competition for Canadian National Mathematics League. Students worked every Friday at lunch every week for the past month and wrote the test on March 1st Mrs. Simcox and Mrs. Helmer asked for volunteers who enjoyed doing math. These students did extremely well on a very difficult test and gave up lunch time to learn new math concepts.

Poetry Contest Winners

By Lilia Sawyer-Ned and Samara Mitchell

School District 27 holds an indigenous poetry contest every year. This year the district received 324 entries. Twenty-nine students from our school entered the contest this year. Nine students took a prize back home! The prizes are 100.00 for 1st, \$75.00 for 2nd, \$50.00 for 3rd, \$25.00 for 4th, and a book for Honorable Mention. Ayla, who won 2nd kindergarten, said she had fun making her own poem. Also, her mother is making moccasins. We are very happy that lots of students entered the contest this year. Congratulations everyone!!!
