### **Briefing Note**

TO: Education Committee

FROM: Superintendent

**DATE:** June 15, 2022

**RE:** Innovation Funds

### **INNOVATION PROJECTS**

The District began making available small "Innovation Grants" (\$2000) to encourage staff to pursue passions that engage themselves and students while enhancing learning. This year we had multiple projects from the following schools/sites:

- Big Lake
- Horse Lake
- Nesika
- > Tatla
- ➤ Mile 108
- Marie Sharpe

We have invited the staff to share a brief 3–5-minute highlight of their work.

- What was the project?
- What were you hoping to accomplish?
- What were the improvements to student learning?
- ➤ How do you know?
- What are you thinking about for next year?

We are thrilled that in the midst of the pandemic and all that it has captured, our staff have been willing to look for ways to stretch and engage their teaching and learning. Thank you.

RE: School Plans for Learner Success

### **END OF YEAR PROCESS UPDATE**

Draft school plans for the 2021-2022 school year were presented to the board at the November 9 Education Committee meeting. These plans remained in draft format for the duration of the school year allowing schools to revise as required. To close out the year PVP are finalizing their school plans by adding data sets from the 2021-2022 school year with a reflection statement for each goal area.

Key data sets used in the plans include classroom marks, district assessments (EPRA/DART and School Wide Write), FSA, ministry student learning surveys, attendance data, and locally created surveys. The utilization of common reading and writing assessments across the district has been a significant improvement from previous years. In areas where final data is not available schools have included the most current version, they have available and will update at the end of the school year or include in their plan for the 2022-2023 school year.

Sample finalized plans will be shared during the meeting and all plans will be provided to trustees once they have been submitted and reviewed by district staff. District level data sets for school focus areas will also be shared.

Schools will use the finalized content from their 2021-2022 as starting point for the 2022-2023 draft plan that will be submitted to the board for approval in the Fall.

### **Briefing Note**

TO: Education Committee

FROM: Superintendent

**DATE:** June 15, 2022

**RE:** Innovation Funds

### **INNOVATION PROJECTS**

The District began making available small "Innovation Grants" (\$2000) to encourage staff to pursue passions that engage themselves and students while enhancing learning. This year we had multiple projects from the following schools/sites:

- Big Lake
- Horse Lake
- Nesika
- > Tatla
- ➤ Mile 108
- Marie Sharpe

We have invited the staff to share a brief 3–5-minute highlight of their work.

- What was the project?
- What were you hoping to accomplish?
- What were the improvements to student learning?
- ➤ How do you know?
- What are you thinking about for next year?

We are thrilled that in the midst of the pandemic and all that it has captured, our staff have been willing to look for ways to stretch and engage their teaching and learning. Thank you.

RE: School Plans for Learner Success

### **END OF YEAR PROCESS UPDATE**

Draft school plans for the 2021-2022 school year were presented to the board at the November 9 Education Committee meeting. These plans remained in draft format for the duration of the school year allowing schools to revise as required. To close out the year PVP are finalizing their school plans by adding data sets from the 2021-2022 school year with a reflection statement for each goal area.

Key data sets used in the plans include classroom marks, district assessments (EPRA/DART and School Wide Write), FSA, ministry student learning surveys, attendance data, and locally created surveys. The utilization of common reading and writing assessments across the district has been a significant improvement from previous years. In areas where final data is not available schools have included the most current version, they have available and will update at the end of the school year or include in their plan for the 2022-2023 school year.

Sample finalized plans will be shared during the meeting and all plans will be provided to trustees once they have been submitted and reviewed by district staff. District level data sets for school focus areas will also be shared.

Schools will use the finalized content from their 2021-2022 as starting point for the 2022-2023 draft plan that will be submitted to the board for approval in the Fall.
