School Plans for Learner Success

Schools are required to create an annual plan that is submitted to the board for approval. Plans outline the school's focus areas for the coming year. School Plans in the Cariboo-Chilcotin School District are required to align with the district plan and Framework for Enhancing Student Learning, with all schools reporting on Literacy, Numeracy, and Human and Social Development. Schools are provided with a template, and school principals facilitate the creation of school-level plans through conversations with staff.
