### Winnie Lee

Mrs. Embreus chose Winnie because she is always cheery and courteous. She kindly greets me as she enters the classroom and offers well wishes when she departs. Every class, Winnie stays on task. Assignments are completed on time and to a high standard. I am impressed that Winnie works so hard and is fluent in two languages, English being her second. Sometimes Winnie shares stories about foods, optometry, and Chinese culture, which I find interesting. Way to go Winnie!
